PROFESSIONAL · EXPERIENCE

Purdue University

UX Research Intern

August 2023 - Present

- Responsible for conducting research, interviews and user testing, on the Video Express studios to provide insights for future iterations.

- Collaborate cross-functionally to aid in the studio tablet and website development.

Ibotta

Product Design Intern

May 2023 - August 2023

- Responsible for researching, designing, and presenting a project with the self-chosen problem space of onboarding.

- Collaborate cross-functionally to aid in app and website development as well as engage in product design meetings to provide feedback for other designers.

RELEVANT · EXPERIENCE

UEGroup + XCenter

Team Leader

Experience Studio Project

- Successfully designed a cross-channel experience to centralize multi-channeled telemedical services into a single interactive experience.

- In the leadership role, there was an opportunity to practice and learn many skills such as communication, conducting co-design workshops, and working with design programs.

Innovatemap

Team Collaborator

Experience Studio Project

- Worked with a team to increase engagement and participation in residential life both in-person and digitally for resident assistants.

- Practiced working effectively in a team, conducting competitive research, and communicating effectively with sponsors and clients.
